

Citrix Documentation for getting into <https://ARHCitrix.arh.org> from outside the network

New Citrix Screens

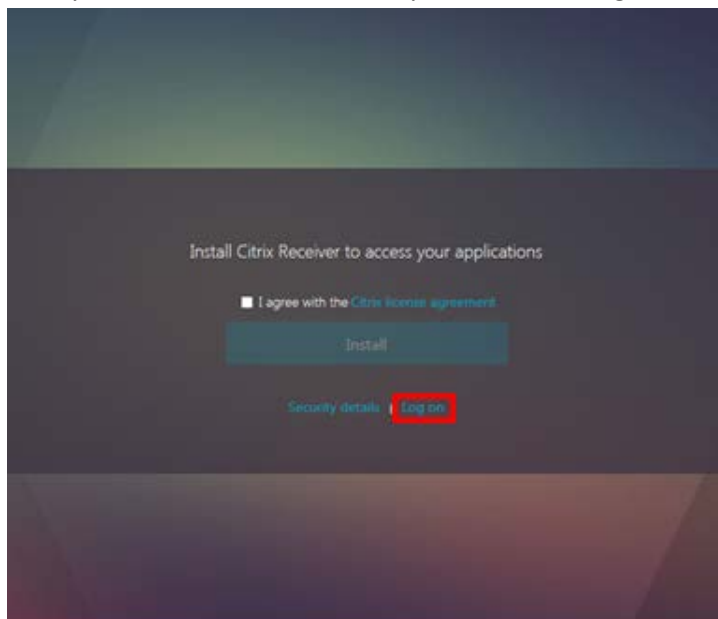

When user first go [https:// ARHCitrix.arh.org](https://ARHCitrix.arh.org) they might see this screen:

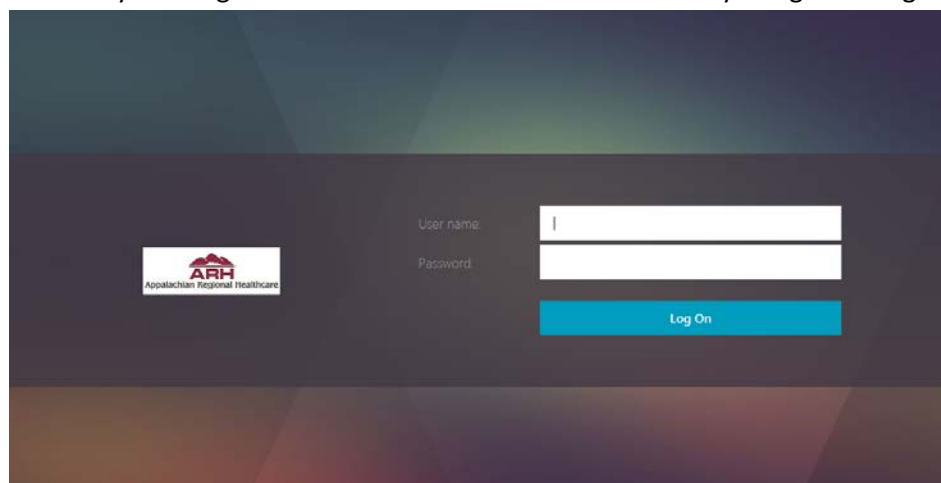

They will need to click on Detect Receiver.

Which will lead them to the screen below:

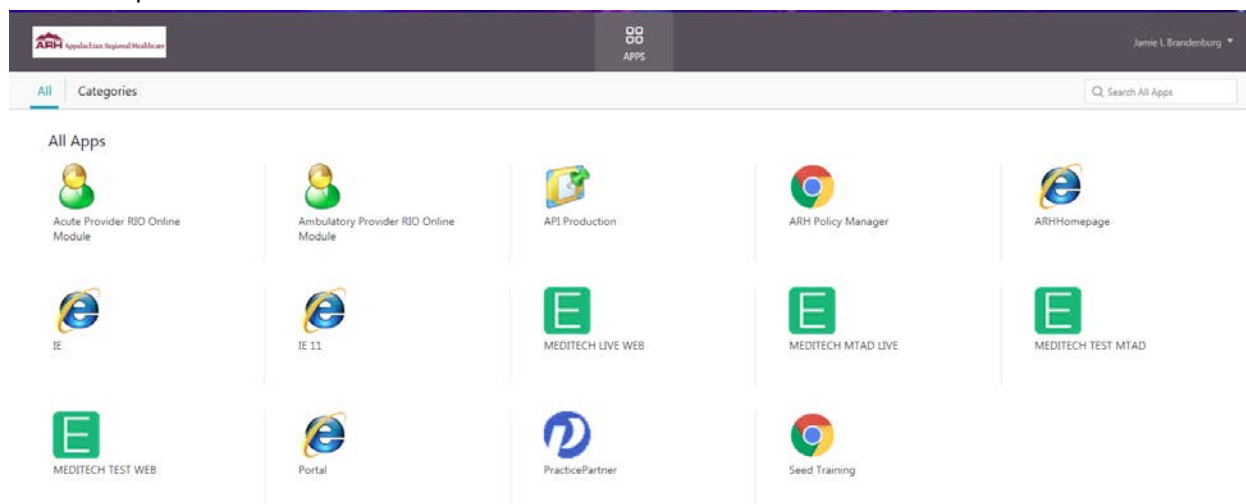

If they have the citrix receiver they need to click Logon. Circled in red.

You might encounter a screen that says Already Installed in tiny Blue writing as well. (Not pictured)
After they click logon or confirm the receiver is installed they will get the login screen below.

Below is a picture of what the icons will look like in the new environment.

If you are a provider click on **MEDITECH LIVE WEB.**
