NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED BY OUR FACILITIES AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

Appalachian Regional Healthcare, Inc., (“ARH”) is dedicated to protecting your medical information. We are required by law to maintain the privacy of protected health information and to provide you with this Notice of our legal duties and your rights with respect to protected health information. ARH is required by law to abide by the terms of this Notice.

WHO WILL FOLLOW THIS NOTICE

All employees, staff, including medical staff and other personnel of Appalachian Regional Healthcare, Inc. will follow these privacy practices.

HOW YOUR MEDICAL INFORMATION WILL BE USED AND DISCLOSED:

Treatment:

We will use your medical information to provide you with medical treatment or services. For example, your medical information may be used by the doctor, nurse, pharmacists, technicians, medical students, or other personnel who are involved in taking care of you. ARH may also disclose medical information about you to people outside of the hospital who may be involved in your medical care.

Payment:

We may use and disclose medical information about you so that we may bill for treatment and services you receive at ARH facilities. For example, we may need to give information about surgery you received to your healthcare plan so that the insurance plan will pay us or reimburse you for your care. We may also share information with your healthcare plan in order to receive approval or to determine if your plan will pay for treatment.

Healthcare Operations:

We may use and disclose medical information about you for operation of the Hospital and entities involved in an organized healthcare arrangement. These uses and disclosures are necessary to run our healthcare facilities and to make sure that our patients receive quality care. For example, we may use medical information to review our treatment and services and evaluate the performance of our staff in caring for you or to evaluate services being offered by ARH facilities. We may also disclose information to doctors, nurses, technicians, nursing and medical students and other personnel for review and learning purposes. We may combine medical information with other similar organizations to compare how we are doing and where we can make improvements in the care and services offered. We may remove information that identifies you from this set of medical information so others may use it to study health care without knowing the specific patients information.

We may also use and disclose your information, in accordance with federal and state laws, for the following purposes:

Appointment Reminders.

- We may contact you to provide appointment reminders.

Treatment Alternatives.

- We may use and disclose medical information to tell you about or recommend possible treatment options or alternatives that may be of interest to you.

Health-Related Benefits and Services.

- We may use and disclose medical information to tell you about health-related benefits or services provided through ARH that may be of interest to you.

Fundraising Activities.

- We may use medical information about you to contact you in an effort to raise money for ARH and its operations. We may disclose medical information to a foundation related to the hospital so that the foundation may contact you in raising money for the hospital. We would only release limited information such as contact information, including your name, address, phone number and the dates you received treatment or services at an ARH facility. Any such communication addressed to you would contain instructions describing how you may “opt out” of receiving these kinds of communications in the future. You do have the right to “opt out” of receiving these fundraising communications.

Facility Directories.

- Unless you object, we will include your name, your location at the ARH facility where you are receiving treatment, your condition described in general terms, and your religious affiliation, in our directory of individuals. The directory information, except for your religious affiliation, will then be released to people who ask for you by name. Unless you object, religious affiliation may be given to members of the clergy, even if they do not ask for you by name. You may specifically request that we do not include you in the directory when you register.

Family and Friends.

- Unless you object, we may disclose your medical information to family members, other relatives or close personal friends when the medical information is directly relevant to that person’s involvement with your care. We may release information about you to a friend or family member who is involved in your medical care. We may also give information to someone who helps pay for your care.

Notification.

- Unless you object, we may use or disclose your medical information to notify a family member, a personal representative or another person responsible for your care of your location, general condition or death.

Psychotherapy Notes.

- Most uses and disclosures of psychotherapy notes will only be made with your authorization. For example, without your authorization, these notes may only be used for treatment and training purposes, or for use in your treatment by the original writer of the notes.

Research.

- We may use or disclose your medical information for certain research purposes if an Institutional Review Board or privacy board has altered or waived individual authorization, the review is preparatory to research, or the research is limited to information about a decedent. Before we use or disclose medical information for research, the project will have been approved through this research approval process. We will always ask for your specific permission if the researcher will have access to your name, address, or other information that reveals who you are or will be involved in your care.
